They Both Can Eat Pudding.

RICHMOND, Nov. 28.—(Special)—The twelve-pound slice of the monster pudding which was cut Thanksgiving night was shipped to President-elect Cleveland Saturday. Each of the twelve pounds represented Virginia's vote, and being the first slice, was bid in by Col. James D. Patton at \$110, who sent it to Mr. Cleveland. The second slice was bought for \$45 by Leo Schwarzhild, who expressed it to Vice-President-elect Stevenson and was accompanied by an appropriate letter.

A Big Lumber Failure.

TOLEDO, Ohio, Nov. 28.—(Special)—The lumber firm of Bills & Koch has assigned. Their liabilities are \$150,000; assets estimated at \$88,000. An unfortunate wheat speculation on the part of the senior member of the firm is said to be the cause of the failure.

SPECIAL MEETING OF COUNCIL.

Several Matters of Importance Acted Upon.

The Street Sweeper Again Occupies the Attention of the City Fathers—The Question of Lighting the City—City Solicitor Thinks the Gas and Water Company Has no Exclusive Franchise. The Contract for Electric Lighting Awarded to W. H. MacKay—The World's Fair Appropriation Knocked Out.

An adjourned meeting of the City Council was held last night, at which all the members of that body were present. The first business taken up was a report from the board of public works in regard to the purchase of a street sweeper, recommended by the committee on streets at a meeting held in October. Council gave the committee authority to purchase the street sweeper and to pass upon the merits of the machine. The board of public works claimed that under the charter the only purchasing power of the city was vested in the board, and to this end came into Council with the solicitor's opinion on the subject. The opinion of the solicitor was that under the charter the board must approve all bills for public improvements, but that Council could delegate the power to a committee to make purchases of supplies. On motion of Mr. Dupuy the matter was finally referred to the board of public works, together with all papers bearing on the purchase of the sweeper with instructions to approve the bill.

The board of public works also submitted a statement of the cost of gas fixtures for the new courtroom and various offices in the new building, amounting to \$13,500, and on motion of Mr. Patton the board of public works were instructed to have the gas fixtures put in at once.

The board of public works also submitted a letter from A. L. Fuqua, who has the contract for putting in the water closet fixtures at the Second ward school house, asking that Council approve the bill for the material in advance, so that they could carry on the work. On motion of Mr. Eckloff this matter was referred back to the board of public works for its recommendation.

The board of public works also submitted a letter from W. H. Turner, police justice, asking that a directory of the city be purchased for the police department. The board recommended that three directories be purchased. This recommendation was agreed to.

The city solicitor submitted a report on matters referred to him as follows: First. Several ordinances on different subjects previously proposed, which he approved with some slight alterations. Second. It was not his opinion that the fire limit law was abrogated by the grant of permits by Council to parties to erect buildings within the fire limits, but that Council should carefully look into such matters before acting, as it frequently involved dissatisfaction and litigation.

Following is the solicitor's opinion in full in regard to the franchise of the Roanoke Gas and Water Company, which matter was referred to him for his opinion in regard to furnishing lights and water:

"In my opinion the Roanoke Gas and Water Company enjoys no exclusive franchise from the city of Roanoke which would shut out competition from other companies of a similar character. The question as to whether said Gas and Water Company has performed its contract with the city of Roanoke is one of fact rather than law. If said company has violated the terms of its said contract it is liable for such violations to the extent thereof, but the burden of proof is upon the city of Roanoke to prove affirmatively such violation."

The city solicitor also reported that in his opinion the city was not liable to properly owners for loss incurred by fire on account of lack of water, caused by accident to the water company's pumps.

Mr. McClelland, chairman of the finance committee, to whom had been referred the matter of making appropriation to aid the board of trade in making exhibit at the World's Fair, submitted a report and resolution agreeing that the city would contribute an amount equal to any amount raised by the citizens, not exceeding \$2,000.

Mr. Boswell, when the report was submitted, moved that it be not adopted. A recorded vote was taken, and his motion prevailed by a vote of 12 to 5. Messrs. Boehm, Crabb, Dupuy, Fackenthal, Hough, Loughery, McCarthy and McClelland voted against the motion, and were in favor of adopting the recommendation of the committee, but before Council realized the outcome the World's Fair appropriation was knocked out in a jiffy.

The committee on streets submitted a resolution determining to pave the sidewalks on Jefferson street from Campbell avenue to Tazewell avenue on both sides with vitrified brick and instructing the board of public works to begin the work at once, which was adopted. The committee also submitted the bond and contract of Normoyle & Dougan for the construction of the vitrified brick pavement around Greene-Memorial Church, with Frank R. May as surety in the penalty of \$100. The bond and contract were approved.

On recommendation of the street committee the board of public works was instructed to open up Madison avenue through Capt. R. H. Moorman's property as soon as the necessary papers are prepared.

Mr. Hough, chairman of the committee on lights, submitted the following report in the matter of lighting the city with electric lights, which being an important matter is given in full:

"We have carefully considered the matter of electric lighting, as well as the advisability of the city owning its

own plant. We do not think that the city is now in a position to purchase and operate a plant, and think that the interests of the city would be to award the contract for lighting with electric lights to the lowest bidder, as per the bids opened at meeting held October 19. We would therefore recommend the adoption of the following resolution:

"Be it resolved by the Common Council for the city of Roanoke, That the contract for lighting the city with 100 arc lights, of 2,000 candle power each, be and the same is hereby awarded to W. H. MacKay, for the sum of nineteen cents per light; that a franchise be given to the said W. H. MacKay for fifteen years; that the city reserves the right to purchase said plant at its option within five years, or at any time within the said five years, and the city, when such purchase is made, agrees to pay to the contractor 6 per cent. interest on the investment. We further recommend that the city solicitor be instructed to prepare a contract and bond to be filed within fifteen days from this date, said bond to be in the penalty of \$20,000, with security, for the faithful performance of the contract."

Mr. Fackenthal took the position that it would place the city at great expense to enter into contract for lighting the city under the present circumstances. The Roanoke Gas and Water Company had an agreement with the city that it would offer no objections to other parties lighting the city with electric lights, provided the city would move the lamps so displaced to the outskirts of the city and continue to use them. Mr. Fackenthal had the idea that the city would be paying a double expense for its lighting, and moved that the matter be referred to the finance committee. He was unanimously voted down.

The question being on agreeing to the resolution of the committee, it was adopted by a vote of 18 to 2. Mr. Buckner and Mr. Fackenthal voting against the award of the contract, taking the view that it ought to be referred to the finance committee for recommendation.

On motion of Mr. Loughery the resolution passed at the last meeting of Council, ordering that Bullitt street, between Fourth and Fifth streets, be graded at a cost of about \$1,400, was reconsidered and referred back to the committee. It was understood that if such action was not taken that Mayor Trout, who was present, had a quietus, in the shape of a veto, to place upon the matter.

Council then adjourned.

THE EXTRA SESSION QUESTION.

Speaker Crisp Says There is no Hurry in the Matter.

New York, Nov. 28.—(Special)—Speaker Crisp arrived here to-day. He said: "I have heard nothing of a Democratic conference to consider party policy during the coming session, except what I read in the newspapers. It is too early yet for a conference. When the Democrats from all parts of the country get together in Washington the latter part of this week it will be time to talk things over."

"There are two sides to the extra session question and the right side may not become apparent for some time. We will proceed prudently in this matter. There is plenty of time to talk it over. As to the coming tariff legislation I can only say that the present McKinley law will have to go. The promises of the Chicago platform will be fulfilled."

Senator Faulkner, of West Virginia, also denied the report that Senator Gorman had called a conference of the Democratic leaders. "Gorman is too shrewd for that," he added. "If there is any conference, it will take place in Washington."

A Wealthy Farmer Murdered.

ROME, Ga., Nov. 28.—(Special)—News reached the city this morning that Col. Jesse Ayer, a prominent and wealthy farmer, who resided near Lavender Mountain a few miles north of this city, was found dead on the big road near his home late Saturday evening. Col. Ayer took his axe and started to the woods to cut some wood. Being gone longer than usual, some of the family were sent to look for him. He was found lying in the middle of the road dead with his axe lying by his side covered with blood. It is supposed that as Ayer was going down the road a man must have sprung on him. There is no clue to the murderer.

They Want Hamilton Reappointed.

WASHINGTON, Nov. 28.—(Special)—Several transatlantic steamship companies are very much displeased with Surgeon General Wymann's administration of the national quarantine against the cholera epidemic and are trying to bring about his displacement and the reappointment of ex-Surgeon General Hamilton.

The Old Officers Re-elected.

SAVANNAH, Nov. 28.—(Special)—The Southern Express Company had its annual meeting here to-day and re-elected the old officers as follows: President, H. B. Plant; vice-president and general manager, M. G. O'Brien; vice-president, M. F. Plant; secretary and treasurer, G. H. Tilly; general auditor, C. L. Loop.

Cleveland's Majority in Virginia.

RICHMOND, Va., Nov. 28.—(Special)—The following is the official vote of this State for President, canvassed by the State board to-day. The vote of the highest electors is given on each ticket: Cleveland, 103,977; Harrison, 113,255; Weaver, 12,274; Bidwell, 2,730; Cleveland's majority over all, 35,810.

General Custer's Father Dead.

MONROE, Mich., Nov. 28.—(Special)—Emanuel Custer, father of the late Gen. George Custer, the famous cavalry leader, is dead, aged 85 years.

Think This Over.

THERE are but three things to be considered in the purchase of a piano or organ, viz.: "Best instrument," "Lowest price," "Easy payments." Hobbie Music Company guarantee absolutely all of these. Call at their warerooms, 157 Salem avenue, and be convinced.

HE MAY EXTEND HIS VISIT.

Cleveland Having a Good Time at Exmore.

An Injury to His Thumb Prevented Any Shooting Yesterday—Great Preparations Made For To-day's Sport—Other Clubs Want the ex-President—He May Extend His Stay Eight or Ten Days. Office Seekers Are Beginning to Write to Him.

EXMORE, Va., Nov. 28.—(Special)—The sky was darkened by heavy clouds throughout the entire day, although there was no actual fall of rain. Owing to the prospects of continued disagreeable weather it was decided not to attempt any duck shooting to-day. This forenoon Mr. Cleveland went out on the beach for the purpose of hunting snipe, but met with an accident which necessitated his return to the cottage. In attempting to lock his gun the President-elect hurt his thumb. The wound was not in the least serious, but quite painful. Mr. Ferril, president of the Broadwater Club, who is by profession a surgeon, dressed the injured thumb and somewhat alleviated the pain.

Shortly after noon Mr. Cleveland took a stroll on the beach and afterward quietly remained indoors devoting his attention to reading and writing. Extensive preparations for gunning have been made for to-morrow. A scow with broad ends has been fitted up as a boat blind. Sedge and eel grass has been nailed around the entire top. Everything in the boat has been arranged with a view to Cleveland's comfort. The scow will be towed to Peter's channel, where it is expected to spend the entire day ducking. Mr. Cleveland did not desire to try shooting again in a small boat. He said he was not afraid of capsizing the boat, but feared that the boat might capsize him.

The future plans of Mr. Cleveland are a matter of uncertainty and conjecture. He is expected to spend a day at Squire Upshur's partridge shooting, but the exact time has not been definitely fixed. It is also said he may be the guest of the Accomac Club at Bellehaven, two miles east of this place on the Atlantic coast, where the preserve of 900 acres is reserved for members of the club. The Old Dominion Club also expect him to partake of their hospitality. This club has 1,000 acres preserve eighteen miles north of Bellehaven, at a place which is locally known as Wachagrad, but is officially known as Wachagrad. It is, however, considered improbable that Mr. Cleveland will accept either of these invitations.

It was stated to-night that Chas. B. Jefferson will return to Exmore to-morrow morning and rejoin the President-elect on Broadwater Island. He is said to be bringing with him a plentiful supply of ammunition. This is held to be an indication that Mr. Cleveland will remain for eight or ten days yet, extending his visit into next week. A number of strangers from the eastern shore called upon Mr. Cleveland this afternoon, among them Rev. J. R. Sturgis, the island minister. They were cordially received, but the conversation was confined to local topics, none of which were of a political nature.

Mr. Cleveland received to-day a telegram from Mrs. Cleveland denying that she had been injured by a runaway while out driving. The dispatch came at the time he was reading the account of the alleged accident and he was at once relieved of his anxiety concerning his wife's safety. Mr. Cleveland's mail is rapidly increasing in volume and to-day more than twenty letters were received for the President-elect.

Professor Briggs' Trial Commenced.

NEW YORK, Nov. 28.—(Special)—The trial of Rev. Charles A. Briggs on the charge of heresy was begun this afternoon before the presbytery of New York. Rev. John C. Bliss, pastor of Washington Heights Church, was selected as moderator. Prof. Briggs conducted his own defense, aided by Prof. Brown, of the Union Theological Seminary.

A Miser Burned to Death.

MIAMI, Tenn., Nov. 28.—(Special)—The residence of Samuel Yates was destroyed by fire early this morning. Yates perished in the flames. He was a miser and was reported to have a large sum of money concealed in his house. The origin of the fire is unknown.

Georgia at the World's Fair.

ATLANTA, Ga., Nov. 28.—(Special)—An effort will be made by the committee of the legislature just returned from Chicago to have the general assembly appropriate \$50,000 toward making a Georgia exhibit at the World's Fair, Geo. Northern, who was one of the party, is strongly in favor of such action.

His Third Sentence.

CHARLESTON, Nov. 28.—(Special)—Napoleon Leville was to-day sentenced for the third time to be hanged for the murder of his wife, in this city, on February 17, 1890. March 10 was fixed for his execution.

Preparing the Appropriation Bills.

WASHINGTON, Nov. 28.—(Special)—The House appropriations committee began work to-day and will endeavor to have the bills ready for the House early. All the bills will undoubtedly be cut close.

Kentucky's Official Vote.

LOUISVILLE, Nov. 28.—(Special)—The official vote of Kentucky is: Cleveland, 175,424; Harrison, 136,420; Weaver, 23,503; Bidwell, 6,385.

THE celebrated Sohmer piano represents the highest type of piano art. It is the musician's favorite. If you want the best beyond question buy the Sohmer. Hobbie Music Company guarantees factory prices and easy payments. Warerooms, 157 Salem avenue.

SUNDAY SERVICES.

Interesting Sermons Preached at the Various Churches.

The services at the different churches were not so largely attended Sunday on account of the inclemency of the weather.

The congregation of Christ P. E. Church worshipped in their new church on Campbell avenue for the first time on Sunday morning. The seating capacity of the church was fully tested, and those who were fortunate enough to be present enjoyed both an intellectual and a musical treat. The pastor, Rev. J. Cleveland Hall, preached a sermon entirely appropriate to the occasion—a sermon full of eloquence and intellectual force. The choir acquitted themselves in a manner that was highly creditable to the musical ability of Mrs. Dr. Hodgson, their leader. Mrs. Hodgson has labored without ceasing for the past six weeks in training the very admirable voices of which the choir is composed. There is material in this choir which will yield highly satisfactory results under her able direction. As it now stands, it is without an equal in town. Miss Margaret Crane, the soprano, is especially worthy of commendation. Her voice gives promise of great success. All of the voices are first class, without distinction.

At the First Baptist Church the pastor, Rev. O. F. Flippo, preached in the morning, taking his text from Psalms, 84:57. The text at night was from Romans, 15:2. At the conclusion of the services two candidates were baptized and one accession made to the church.

Rev. Lewis Rolter, pastor of the Reformed Church, preached at 11 a. m. on the subject of the "Preparation for the Coming of Christ," Romans, 13:11. "And that knowing the time, that now it is high time to awake out of sleep, for now is our salvation nearer than we believed."

Rev. S. D. Ferguson, pastor of Trinity M. E. Church, held service in the morning in the hall of the Y. M. C. A., and preached on the subject of "The Vine and the Branch." He announced to his congregation that they would occupy their church next Sunday on the corner of Commerce street and Church avenue. No services were held at night.

Rev. W. C. Campbell, pastor of the First Presbyterian Church, preached at 11 a. m., from the text "Except the Lord Keep the City the Watchman Watch in Vain," Psalms, 137:1. The subject of the evening discourse was "Where Art Thou?" Dr. Campbell conducted services in the West End at 3 o'clock in the afternoon.

Rev. H. C. Garrison, pastor of the Fourth Avenue Christian Church, preached in the morning on the subject of "The Wrath of God." A Christian endeavor meeting was held at 6:30 o'clock. There were no services at night.

At the United Brethren's Church the pastor, Rev. S. L. Rice, preached at 11 a. m. from Hebrews 2:18, "In that he himself hath suffered, being tempted, he is able to succor them that are tempted." At night a prayer service was held and the hand of fellowship extended to three persons.

Rev. W. F. Hamner, pastor of Greene-Memorial, preached in the morning from the text, Romans, 12:13. "Not slothful in business, fervent in spirit serving the Lord." Subject, "The Consolation of Soul, Body and Property to the Lord." At night the subject of the discourse was "The Transfiguration of Jesus." Matthew, 17:1-23. Services at 3 p. m. in Belmont. Subject, "The Plan of Salvation."

Rev. Oliver C. Miller, pastor of St. Mark's Lutheran Church, preached in the morning on the subject of "The Supremacy of Faith over Sight." The theme of the evening discourse was "Iron Gates." At 6:30 p. m. a meeting of the Augsburg League was held.

The French Cabinet Resigns.

PARIS, Nov. 28.—(Special)—In the chamber of deputies to-day M. Brisson, chairman of the committee on the Panama investigation, demanded of the government that an autopsy be held on the body of the late Baron Reinach. M. Ricard, minister of justice, replied that the law did not permit it. A division was taken as to sustaining M. Ricard and the government was defeated. The resignation of the ministry was at once announced. In accepting their withdrawal from office President Carnot asked the ministers to continue to conduct public business until their successors shall have been appointed.

Russia Raises Her Taxes.

ST. PETERSBURG, Nov. 28.—(Special)—The government intends to meet the deficit in the revenue by placing a tax of three roubles upon all persons exempt from military service. The 3 per cent. tax on joint stock companies will be raised to 5 per cent., while other companies that have hitherto been exempt from taxation will be subjected to a trade tax. The estimate total of the revenue derived from these new taxes will amount to 3,300,000 roubles.

New York Cotton Market.

NEW YORK, Nov. 28.—(Special)—Cotton contracts closed irregular at unsettled, weak prices, 27@35 points below Saturday. The break near the close was due to a report that New Orleans would receive 25,000 bales to-morrow. Sales to-day, 477,300; net receipts, 0; gross, 11,041; December, 9.53@9.54 January, 9.60; February, 9.73@9.74; March, 9.85; April, 9.95@9.96; May, 10.05@10.06; June, 10.14@10.16; July, 10.20@10.22; August, 10.37@10.38.

Improving Savannah Harbor.

SAVANNAH, Ga., Nov. 28.—(Special)—In a day or two the work of improving the harbor of Savannah, which was discontinued in 1891 through the lack of funds, will be under way again.

The Weather.

Forecast for Virginia: Fair till Wednesday night, northwesterly winds, high on coast.

AT THE PASTEUR INSTITUTE.

Danville's Citizens Being Inoculated in New York.

Ten of Them Are There Now and Others Will Come—These People Were all Bitten by a Six-Months-Old Skye Terrier. One of the Victims Died Last Week. The People Greatly Excited.

NEW YORK, Nov. 28.—(Special)—The little parlor of Dr. Gibiere's Pasteur Institute, on West Tenth street, contained more hydrophobic patients this morning than at any time for fully a year. Dr. Paul Gibiere and his assistants were in a state of bustling activity, realizing that the Pasteur treatment was undergoing one of the severest tests that has been put upon it in this city. There were in all ten patients grouped around the parlor awaiting to be inoculated with the Gibiere preparation, which has been so successful in warding off the dread disease from many suspected and genuine hydrophobia cases in the past.

These ten new patients came from Danville, Va. Among them are Mr. and Mrs. James E. Lee, with two children about ten and twelve years old; a young man and five more young children, ranging from seven to fourteen years. Dr. J. A. Anderson, a physician of Danville, brought the patients here. It had not been for one little, apparently insignificant dog, a skye terrier puppy barely six months old, the ten Danville residents would not now be in this city, and twenty-three other persons, bitten in the same town and bitten by the same dog, would not be making preparations to come to the Pasteur Institute for treatment.

The recent death of one of the bitten persons, the 7-year-old son of Mr. Lee, has been the primary cause of the exodus of hydrophobia suspects. Curtis Lee died last Friday after suffering untold agony from what Dr. Anderson believes to have been genuine hydrophobia. He was bitten several times upon the face and hands last September.

Preparing to Release Young Ryan.

ATLANTA, Nov. 28.—(Special)—A bill introduced by Senator Pearsons providing that no person shall be adjudged guilty of contempt of court who shall refuse to deliver funds to the court alleged to be in his possession was passed to-day. This bill, should it pass the house, will open the way to the release of Steve Ryan, the former dry goods merchant prince of Atlanta, who has been in jail since his failure months ago for contempt of court in refusing to turn over moneys said to be in his possession.

A Rigorous Divorce Law Proposed.

COLUMBIA, S. C., Nov. 28.—(Special)—The question of the divorce law is being agitated in the general assembly and to-day Mr. McWhite, of Florence, introduced a bill providing for divorce only where either party has had carnal intercourse with another person, subsequent to marriage. The requirement is made that one of such parties shall have resided in the State for at least one year and that pending a suit because of adultery by the husband, the judge may compel the man to maintain the woman and enable her to carry out the suit.

Interested in the Gold Movement.

LONDON, Nov. 28.—(Special)—The gold movements in New York have engaged the attention of the financiers in London, Paris and Vienna. The impending American consignments for London are attributed partly to the continuous large sales of American railroad securities on the English account and partly to the absorption of gold by Austria in connection with the conversion of currency in that country. Since November 11 the Austro-Hungarian Bank has purchased 4,000,000 pounds worth of gold, chiefly in open market in London.

Death of a Gallant Soldier.

ATLANTA, Ga., Nov. 28.—(Special)—Bravet Brigadier General Richard H. Jackson, lieutenant-colonel of Fourth Artillery, died this evening at McPherson Barracks and will be interred at West Point. He was born in Ireland July 14, 1830, and enlisted in the United States army December 12, 1851, as a private. He was successively promoted to every rank from private to captain before the opening of the war. His entire war record was brilliant.

Cleveland's Big Vote in New York.

NEW YORK, Nov. 28.—(Special)—The board of county canvassers to-day gave out the following official statement of votes cast for Presidential electors: Cleveland electors, headed by William Steinway, 175,267; Harrison, headed by Henry W. Sage, 98,907; Weaver, headed by Isaac Edwin Dean, 2,369; Bidwell, headed by Horace Waters, 2,439.

Going Back to Chili.

CHICAGO, Nov. 28.—(Special)—Hon. Pat. Egan left here last night for Washington. At Washington, after arranging some details at the State Department, Mr. Egan will proceed to Chili.

A Long Horseback Ride.

DARLINGTON, S. C., Nov. 28.—(Special)—J. R. Whipple and S. B. Sellers, of Boston, are the guests of Capt. Paul Whipple here, having made the journey on horseback.

Took an
